Quick update

Last post was updated on I think march 22nd? Right now it's April 1st for me and by the time I'm writing this, it had already been 2am and I haven't really done anything, yet. But I just wanna say that the reason for the lack of content right now is because I'm currently in college and is busy with the up coming tests, but I still am going to continue and try to make more content, it's just that it's a bit slower now since I'm hit with the 15 hours per day but other than that 🌙 I'm good

IMPORTANT QUESTION!!!!

Just a short question I need a lot of people to answer

Would you prefer this artbook to only stay as it is right now or would you prefer if I added other ccs outside the Dream team, Karl, Foolish and Corpse (ex. Wilbur, Techno, BoomerNA, etc...)

It'd still be a Dream centric artbook, but not one that's solely focused around those 6

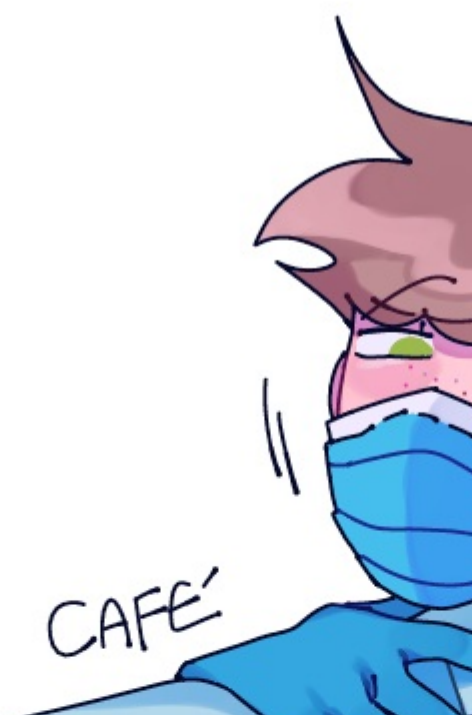

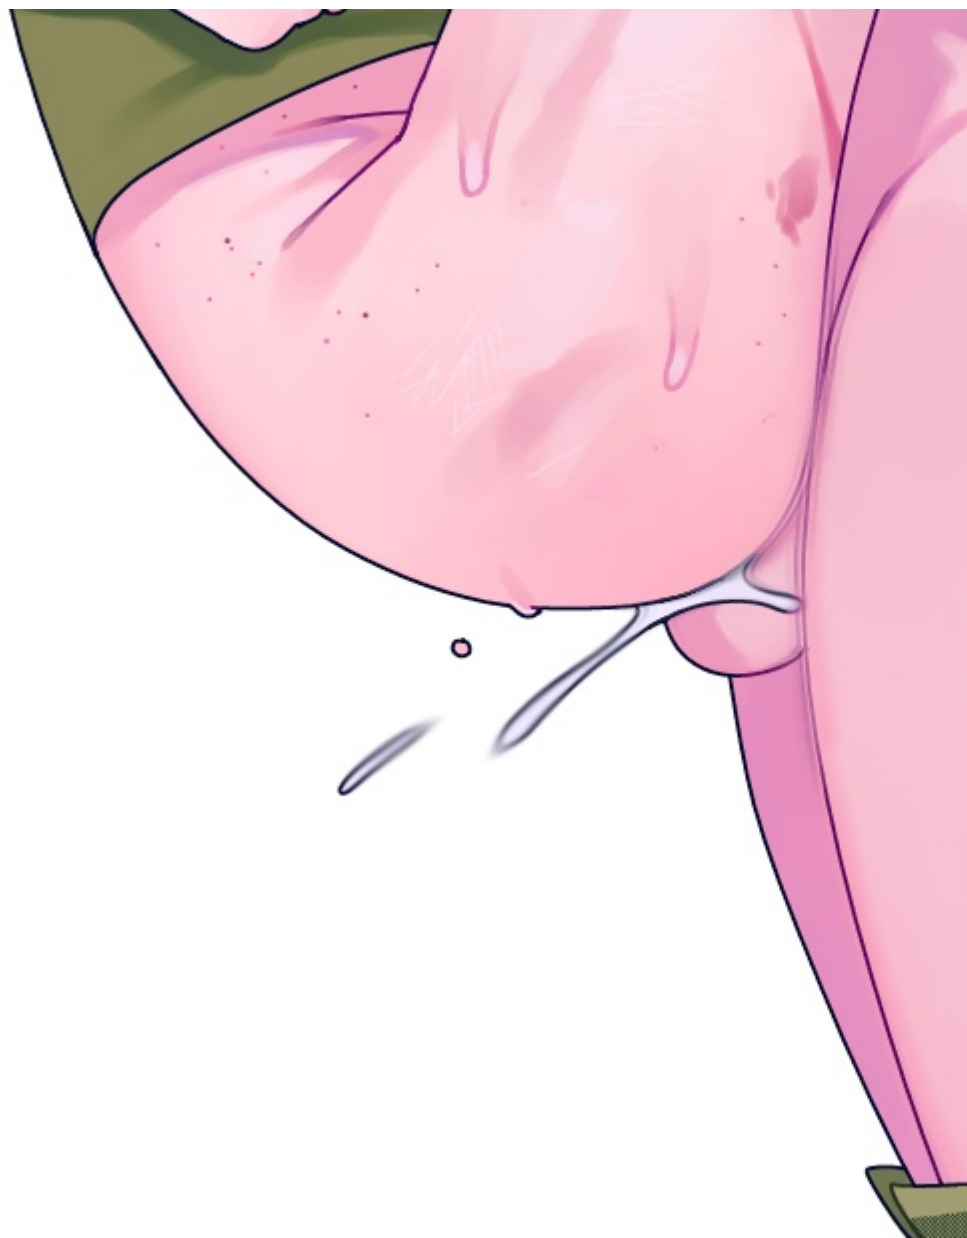

Even though this artbook is technically a don't like don't look one, I still prefer to ask people for their opinions
